## OUR POLICY

### The Evolution of a Journey

#### Reservations/Cancellations

We take pride in providing guests with the proper service technicians at their desired time. To guarantee availability, we require a credit card to reserve any group, wedding or wellness package bookings. To ensure the best service possible, if changes or cancellations to any credit card bookings are needed, we request that 48 hours advance notice be given to avoid any penalty. Reservations changed or cancelled after the 48 hours requirement will incur a 50% penalty billed directly onto the credit card. Any missed appointments that are not cancelled before the scheduled time will be penalized the full service amount.

#### Delayed Arrivals

In consideration of service technicians and other guests, if a reservation is delayed due to a late arrival, the reservation will finish at the same regular scheduled time and receive a full treatment rate.

#### Bridal Reservations

A bridal consultant is available on staff to assist you with all of your bridal needs. A 50% deposit is required for any Bridal Reservation and does follow our cancellation requirements. Any appointments scheduled outside of business hours will incur a fee of \$15 per person.

#### Gift Cards

Gift Cards are available for any service or monetary value.

#### Wellness Zone

We strongly believe in promoting health and wellness to each and every guest. To support us in our practices, we encourage all guests to make childcare arrangements prior to their appointment to ensure maximum relaxation.

## HERITAGE

Evolution Concepts in Hair and Spa is the realization of a dream that began many years ago for owner Vince Pasqualino. Leaving his home 1000 km behind in search of inspiration the Journey would begin. In 1997, Vince began training under his uncle, a well respected and accomplished designer. His love and passion for art would manifest into a career in hair design that would exceed all expectations. Within 3 years, Vince was to be sought out by Sebastian International to become a platform artist and creative team member. From there, Vince would be trained under world renowned ICON Robert Labetta. Continuing his evolution, Vince would move on to working for ICON International a new Company with a fresh approach to hair and the professional industry. Gracing their platforms with his artistic interpretations, creating fashion through hair, Vince has become an artist with a unique vision for hair design that he now expresses in Evolution Concepts in Hair & Spa.

PRONUNCIATION: \ E-VO-LU'SHUN-\

The process in which change occurs to create a positive and unique form. Evolution implies a constant striving to reach ones goal.

## BEAUTY AND SUSTAINABILITY

Partnering with a company that mirrors our beliefs is priority at Evolution. For us the only choice is Davines International. With their roots firmly planted in Parma Italy, the "Made in Italy" label has been synonymous with style and creativity. The Davines pioneering spirit means tirelessly exploring ideas beyond trends while finding inspiration in history and the world around us. By creating "beauty" we want to encourage people to take care of themselves, of the environment in which they live and work, and of the things they love. Our particular brand of beauty cannot work without practical and visible efforts, "sustainable" efforts. For us, sustainability deals with the responsibility we owe to ourselves, the people with which we work, our customers, the world in which we live and operate today and tomorrow.

We at Evolution will commit to minimizing the impact our activity has on the environment, and not compromise the quality or quantity of natural resources. Evolution is a Zero Impact Salon. Our goal is to create environmental awareness and try to "infect" those around us. Once again, by partnering with LifeGate International and their reforestation projects, we will be neutralizing our stylists carbon emissions. Stylists can literally represent a piece of the earth. For more information on LifeGate visit their website at [www.lifegate.it](http://www.lifegate.it).

## EDUCATION

### Knowledge is Power....

Through our commitment to ongoing education this company has built its foundation. Recognizing this philosophy allows our team to be inspired and empowered. Our highly trained technicians travel to various Academies continually upgrading their skills ensuring the ultimate experience for each guest that passes through our doors.

## HAIR STUDIO

Our multi-space philosophy creates an inspired atmosphere in which our team of designers customize and create art that exceeds all expectations. Each reservation begins with a complete consultation to ensure optimum results. Shiatsu touch therapy is an essential component of Evolutions experience. Eastern philosophy delivered through hair and scalp manipulation allows our guests to relieve internal stress enabling the spa element to be incorporated into the salon environment.

## RESTORE REFRESH RELAX

Escape to a place where beauty, inner peace and environmental consciousness meet. The highly trained wellness technicians of Evolution utilize a collection of skincare that are both curative and corrective. Our belief is to focus on skin conditions and not on skin types. Cures by Avance therapies are designed to treat the root cause of skin and body conditions and not the symptom. Our vast collection of treatments create a relaxing and rejuvenating experience not soon to be forgotten. We recognize that long term results truly come from commitment. Our promise is to educate and customize a specific regimen that is as individual as each one of our guests.

Our promise.... To deliver superlative guest services in an inspired space that is respectful to both mankind and the environment.

# FACE

## **EVOLUTION'S ULTIMATE FACIAL - \$115.00**

Allow our highly trained specialists to offer you the ultimate in wellness and relaxation. Our customized facial ritual incorporates aromatherapy, body balancing, and hot stone therapy.
